## CONDITIONS OF SALE

---

The property listed in this catalogue will be offered and sold subject to the following terms and conditions:

1. The word "Company", wherever used in these Conditions of Sale, means the American Art Association-Anderson Galleries, Inc.
  2. The Company has exercised reasonable care to catalogue and describe correctly the property to be sold, but it does not warrant the correctness of description, genuineness, authenticity or condition of said property.
  3. Unless otherwise announced by the auctioneer at the time of sale, all bids are to be for a single article even though more than one article is included under a numbered item in the catalogue. If, however, the articles under any one numbered item are designated as a "Lot" then bids are to be for the lot irrespective of the number of articles described in such item.
  4. The highest bidder accepted by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer may, in his discretion, determine who is the successful bidder, and his decision shall be final; or the auctioneer may reoffer and resell the article in dispute.
  5. Any bid which is not commensurate with the value of the article offered, or which is merely a nominal or fractional advance over the previous bid, may be rejected by the auctioneer, in his discretion, if in his judgment such bid would be likely to affect the sale injuriously.
  6. The name and address of the buyer of each article, or lot, shall be given to the Company immediately following the sale thereof, and payment of the whole purchase price, or such part thereof as the Company may require, shall be immediately made by the purchaser thereof. If the foregoing condition, or any other applicable condition herein, is not complied with, the sale may, at the option of the Company, be cancelled, and the article, or lot, reoffered for sale.
  7. Unless the sale is advertised and announced as an unrestricted sale, or a sale without reserve, consignors reserve the right to bid.
  8. Except as herein otherwise provided, title will pass to the highest bidder upon the fall of the auctioneer's hammer, and thereafter the property is at the purchaser's sole risk and responsibility.
  9. Articles sold and not paid for in full and not taken by noon of the day following the sale may be turned over by the Company to a carrier to be delivered to a store-
- [A]

house for the account and risk of the purchaser, and at his cost. If the purchase price has not been so paid in full, the Company may either cancel the sale, and any partial payment already made shall thereupon be forfeited as liquidated damages, or it may resell the same, without notice to the buyer and for his account and risk, and hold him responsible for any deficiency.

10. If for any cause whatsoever any article sold cannot be delivered, or cannot be delivered in as good condition as the same may have been at the time of sale, the sale will be cancelled, and any amount that may have been paid on account of the sale will be returned to the purchaser.

11. In addition to the purchase price, the buyer will be required to pay the New York City sales tax, unless the buyer is exempt from the payment thereof.

12. The Company, subject to these Conditions of Sale and to such terms and conditions as it may prescribe, but without charge for its services, will undertake to make bids for responsible parties approved by it. Requests for such bidding must be given with such clearness as to leave no room for misunderstanding as to the amount to be bid and must state the catalogue number of the item and the name or title of the article to be bid on. If bids are to be made on several articles listed as one item in the catalogue, the request should state the amount to be bid on each article, unless the item contains the notation "Lot", in which case the request should state the amount to be bid "For the Lot". The Company reserves the right to decline to undertake to make such bids.

13. The Company will facilitate the employment of carriers and packers by purchasers but will not be responsible for the acts of such carriers or packers in any respect whatsoever.

14. These Conditions of Sale cannot be altered except in writing by the Company or by public announcement by the auctioneer at the time of sale.

 AMERICA. Fine tapestry from a set representing the Four Continents. The present example represents the American continent and depicts a land-locked harbor with luxurious tropical trees at left and right and an anchored galleon with partly furled sails. On a strand in the foreground are grouped heroic female figures richly robed and wearing feathered headdress, each figure with an attribute, one holding a gorgeous parrot, another a bow and arrow, another an arrow with an alligator at her feet, another reclining against a box of treasure and a voluted urn, while round about are scattered evidences of marine life, flora and fauna. The border simulates a picture frame and is woven with a series of scrolled acanthus leaves, while in the corners and in the centres of the borders appear formalized groups of flowers and leaf volutes. In the upper border in the centre is a cartouche composed of leaf scrolls, flower swags, and a female mask. Woven in brilliant colors and highlighted in silk.

*Height, 11 feet 2 inches; length, 14 feet 6 inches*

*Note:* Heinrich Göbel illustrates a companion tapestry from this series which he considers as probably from the manufactory of Frans Peemans, about 1720. *Vide: Tapestries of the Lowlands, 1924, plate 543*

In the foreground are three chubby infants, one gathering weeds, one carrying a wicker hamper on his back, another pruning a tree. To the left rises a Renaissance fountain. The shaded greens and tans of the composition are relieved by touches of crimson in the draperies of the figures and scattered blossoms. The rich border is woven with a series of acanthus volutes alternating with lambrequins, nosegays of flowers, in crimson, ivory, and green in a blue ground. Highlighted with silk.
